RELIABILITY EXCELLENCE: ROLE OF THE ASSET OWNER

AUGUST 24 | 11 AM TO 1 PM | BUILDING 870 ROOM 124 | 10 SEATS

DEAN: TIM DOLLETZKI

This class focuses on understanding the day to day responsibilities and activities of an asset owner. When properly trained, an asset owner will be able to keep their equipment running reliably, properly engage the organization, identify issues, and eliminate waste resulting in a business that can meet objective at the lowest cost.

INSTRUCTOR: LARRY LOUCKA, LEAN CONSULTANT - MURLI & ASSOC.

Five-day Kaizen event of Anchor frame shop focused on parts running through CNC operation.

UNIVERSITY OF SOUTHERN INDIANA

MANAGEMENT SKILLS ASSESSMENT

AUGUST 3 | SEPTEMBER 7 | OCTOBER 5 | DECEMBER 14

8:45 AM - 3:30 PM | \$425 PER SESSION

USI UNIVERSITY CENTER EAST, 2229 - 8600 UNIVERSITY BLVD., EVANSVILLE, IN

Using well-recognized and accepted assessment center methodology, assessors observe and evaluate participants during a series of work simulations where participants encounter challenges and tasks common to supervisory and management positions. The outcome is a comprehensive report outlining the participant's strengths, developmental needs and training recommendations. The assessment is valuable for aspiring or current supervisors and managers from all industries.

Register for each Management Skills Assessment at least one week before the class date.

This course addresses the following soft skills; leadership, written and oral communication, problem solving, decision making, interpersonal relationship skills, sensitivity, planning, organizing and prioritizing abilities.

The list of competencies was compiled and adapted from surveys administered by Indeed.com, Monster.com, Forbes and Business Daily News. Registration includes a light breakfast and lunch.

ETHICS & ETHICAL DILEMMAS

AUGUST 6 | 2:00 – 3:00 P.M. EST | 2 SEATS

JASPER HQ, EAST TRAINING ROOM | INSTRUCTOR: JONATHON BOND

Ethics is defined as “A Principle of right or good conduct. A system of moral principles and values.” As a leader, you are constantly being watched...by peers, those who report to you and all Associates. Everything you say, do, and write is critiqued. In this class, review a number of “real life” dilemmas.

EFFECTIVE TEAM MEETINGS

AUGUST 7 | 1:00 – 2:00 P.M. EST | 2 SEATS

JASPER HQ, EAST TRAINING ROOM | INSTRUCTOR: KEN COZART

This class teaches you how to prepare for and run an effective team meeting.

EFFECTIVE TEAM MEETINGS

AUGUST 8 | 9:30 – 10:30 A.M. EST | 2 SEATS

JASPER ENGINES – CRAWFORD COUNTY FACILITY

INSTRUCTOR: KEN COZART

This class teaches you how to prepare for and run an effective team meeting.

CONFLICT RESOLUTION

SEPTEMBER 5 | 1:00 – 2:00 P.M. EST | 2 SEATS

JASPER HQ – EAST TRAINING ROOM | INSTRUCTOR: KATE SCHWENK

Learn and demonstrate how to handle workplace conflicts. Raise your hand if you enjoy being involved in Conflict! Guessing your hand probably stayed down. Don't feel alone. None of us truly like Conflict and would rather not have to deal with it, if possible. However, when it comes to Leadership, dealing with Conflict can be an everyday occurrence. Handling Conflict effectively is key in building those long-term relationships with your team that are so critical to your team's...and JASPER's success, not to mention your own individual success! In this class, we will also review a number of “real life” conflicts in the workplace and learn the best methods for resolving conflicts in a way that benefits both JASPER and our Associates.

CONFLICT RESOLUTION

SEPTEMBER 6 | 1:00 – 2:00 P.M. EST | 2 SEATS

JASPER ENGINES – POWER DRIVE FACILITY – NORTH TRAINING ROOM

INSTRUCTOR: KATE SCHWENK

Learn and demonstrate how to handle workplace conflicts. Raise your hand if you enjoy being involved in Conflict! Guessing your hand probably stayed down. Don't feel alone. None of us truly like Conflict and would rather not have to deal with it, if possible. However, when it comes to Leadership, dealing with Conflict can be an everyday occurrence. Handling Conflict effectively is key in building those long-term relationships with your team that are so critical to your team's...and JASPER's success, not to mention your own individual success! In this class, we will also review a number of “real life” conflicts in the workplace and learn the best methods for resolving conflicts in a way that benefits both JASPER and our Associates.

PURDUE - MEP

SIX SIGMA GREEN BELT

AUGUST 30 | SEPTEMBER 6, 13, 20, 27 | OCTOBER 4 | 8 AM TO 4 PM
SOUTHERN INDIANA CAREER & TECH CENTER | \$2000
901 LYNCH ROAD, EVANSVILLE, IN 47711 | 20 SEATS

Purdue MEP's Six Sigma Green Belts are trained in a subset of Black Belt tools and methodologies. Green Belts assist Black Belts with major projects and can independently lead minor projects. At many companies, Green Belts have a part-time continuous improvement role. Participants will leave the training with a thorough understanding of the DMAIC process, data collection techniques, and the statistical methods used in Six Sigma projects.

PRINCIPLES OF VALUE STREAM MAPPING

OCTOBER 18 | 8 AM TO 4 PM | \$295
SOUTHERN INDIANA CAREER & TECH CENTER - EAST SIDE OF ASSEMBLY HALL
901 LYNCH ROAD, EVANSVILLE, IN 47711 | 20 SEATS

In this course, you will learn how to create a value stream map (VSM) of current-state and future-state processes. Value stream mapping is a lean technique that allows you to document, analyze, and improve the events that take a product or service from its beginning through to the customer. This technique helps the manufacturer understand the total flow of the value stream, see the sources of waste, determine common language about the process, show links between information and processes, develop an improvement plan, and prioritize activities. Through creation of a VSM, you will learn how to eliminate the waste in the system and achieve dramatic improvements to your processes.

REGISTER AT: <https://mep.purdue.edu/workshops-and-events/event-detail/?projectid=18204&certificateid=0&workorderid=0&workshopnameid=50>

KAIZEN FACILITATION TRAINING

NOVEMBER 8 | 8 AM TO 4 PM | \$295
SOUTHERN INDIANA CAREER & TECH CENTER - EAST SIDE OF ASSEMBLY HALL
901 LYNCH ROAD, EVANSVILLE, IN 47711 | 20 SEATS

A Kaizen event, sometimes referred to as a Kaizen blitz, is a focused short-term project to improve a process. Tools implemented during a Kaizen event include value stream mapping, 5S, and TPM. In this workshop, you will learn how to facilitate and implement Kaizen events within your organization.

REGISTER AT: <https://mep.purdue.edu/workshops-and-events/event-detail/?projectid=18203&certificateid=0&workorderid=0&workshopnameid=125>

PROBLEM SOLVING

DECEMBER 13 | 8 AM TO 4 PM | \$295
SOUTHERN INDIANA CAREER & TECH CENTER - EAST SIDE OF ASSEMBLY HALL
901 LYNCH ROAD, EVANSVILLE, IN 47711 | 20 SEATS

In this course, participants will learn about the Plan, Do, Check, Act (PDCA) problem solving method. In addition, participants will learn about problem solving tools and activities, including A3, root cause analysis, process mapping, cause and effect diagrams, and others.

REGISTER AT: <https://mep.purdue.edu/workshops-and-events/event-detail/?projectid=18202&certificateid=0&workorderid=0&workshopnameid=27>
